

PAKIZA NASIR

Front-End Web Developer & Educator

 Gujrat, Punjab, Pakistan  nasirpakiza81@gmail.com  github.com/Pakiza-Nasir

PROFESSIONAL SUMMARY

Motivated and detail-oriented Computer Science graduate with a strong foundation in modern front-end web development and technical instruction. Skilled in crafting responsive, interactive web interfaces using HTML5, CSS3, JavaScript (ES6+), and Bootstrap 5. Demonstrates proven ability in UI design trends such as glassmorphism, responsive component building, and API integration. Adept at breaking down complex technical concepts into accessible knowledge through hands-on teaching experience.

EDUCATION

Bachelor of Science in Computer Science (BSCS) University of Gujrat (UOG) — Gujrat, Pakistan	2021 – 2025 CGPA: 3.4 / 4.0
--	---------------------------------------

TECHNICAL SKILLS

Frontend Dev:	HTML5, CSS3, JavaScript (ES6+), Bootstrap 5, Flexbox, CSS Grid, Media Queries
UI/UX & Styling:	Glassmorphism, Responsive Web Design, Hover Animations, CSS Animations
Tools & Workflow:	Git, GitHub, ClickUp, Visual Studio Code, LocalStorage API, REST APIs / Fetch API
Core Competencies:	Problem Solving, Technical Instruction, Project Management, Code Refactoring

WORK & EXPERIENCE

Front-End Web Developer Intern CodeAlpha	Remote
- Developed responsive and interactive web applications including a real-time weather application using HTML5, CSS3, JavaScript, and REST APIs. - Implemented custom dark themes, dynamic UI filtering, and modern CSS animations while publishing source code via GitHub.	
Front-End Web Developer Hayatian Computing Society (HCS)	UOG, Gujrat
- Collaborated with student developers to design and refine modern web pages and user interfaces for campus tech initiatives. - Promoted best practices in responsive design, layout styling, and clean frontend component structure.	
School Educator (Computer Science & Mathematics)	Gujrat, Pakistan
- Instructed students in foundational Computer Science and Mathematics, tailoring complex concepts into clear, engaging learning modules. - Prepared structured lesson plans, practical coding exercises, and classroom technical demonstrations.	
Project Management Intern	Remote / Global Career Fair Event Project
- Managed task pipelines, workflows, and event milestone deliverables using ClickUp. - Collaborated with team members to track progress and streamline project communications.	

PROJECTS

Personal Developer Portfolio Technologies: HTML5, CSS3, Bootstrap 5, FontAwesome, Formspree/EmailJS, JavaScript
- Designed and built a fully responsive personal portfolio website showcasing web development projects, skills, and contact information. - Implemented an interactive contact form with custom styling and automated email notifications.
CodeAlpha – Dynamic Weather Application Technologies: HTML5, CSS3, JavaScript (ES6+), OpenWeatherMap API, GitHub Pages
Developed a responsive weather web app fetching real-time weather metrics (temperature, humidity, wind speed) via REST API calls with dynamic visual styling.
